## COMMANDER'S MESSAGE

Cdr Brian Crabbe, AP

I hope everyone is ready for the Non-Boating season to end!

We have a bunch of exciting things happening! Janet Hern has brought together a great team to come up with ideas on advertising, promoting, and having fun! I'm really looking forward to seeing their plans being put in motion. In addition to this Barbara Hupman, Janet and I have been working on The Buckeye Ocean (Lake) Poker Run slated to

take place July 13th! The ladies have been spending many hours connecting with establishments on the water for card distribution and have quite the assortment lined up.

In addition to our cruises, I will be posting the D29 cruises on our website as well. And on that note, I have been overwhelmed with work for the past 4 months and have not been able to do much work on the needs of the squadron. I believe I will be able to go back to dedicating more time to getting things up to date and enhanced. Thank you for your patience during this time.

I look forward to seeing everyone at our VSC event and on the cruises!

## EXECUTIVE OFFICER

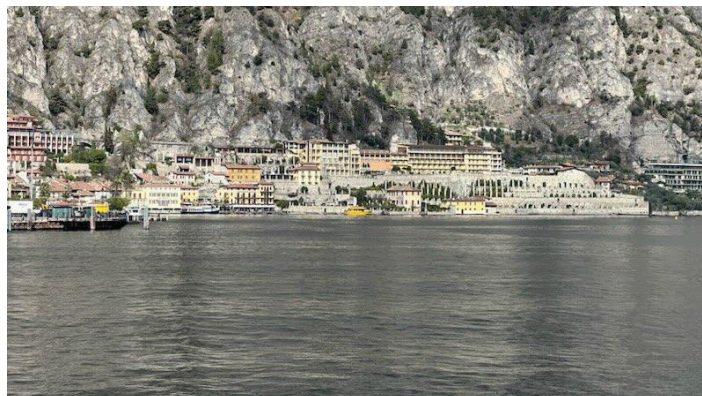

Lt/C Glen Kubinski, AP

Well hello to one and all. Sorry I missed the deadline for the April *Galley Gossip* but I have a good excuse. Really, I was in Italy snow skiing at Paganella ski resort. Which is in the northwest region of Italy in a small picturesque little town called Andalo. While we were there we went to Lake Garda which again was unbelievable. This lake is one of the biggest lakes in Italy with towering mountain cliffs surrounding the entire lake. Roads were literally carved into the mountain walls by hand. We took a tour of the

lake, by boat of course, to three small towns that again had built buildings and streets right into the stone mountain walls. Really a site to be seen if you enjoy the water and boating.

My next stop was Venice, Italy and if you like water and boating this was an incredible place to be. Of course, they had a lot of old buildings and statues but the water was amazing. Ruthie, your favorite AO, and I took their public transit up the Grand Canal and over to three small islands which was tons of fun. One of these islands was known for glass blowing and the other for making lace material for clothing and other household items. But the best thing was that we took a boat direct from our hotel to the airport. That is correct we boated to the airport. How much fun was that?! It was cold and misty out but I sat next to our captain like a faithful first mate, completely enjoying the ride; the next thing I knew was we were pulling up to a dock so I jumped out

and grabbed a line to tie the boat off. What an exciting way to get to an airport! They should have thought about that when they built John Glenn International. Maybe down Alum Creek to a canal that would take you right to the airport. Just a thought!!

Enough with my European vacation; let's talk a little about the club and what we have been up to. Last month we had the District 29 Spring Conference up in Sandusky. The Sandusky Power Squadron had a great venue and had plenty of seminars. They did one at the local planetarium about the solar eclipse that was very fun to watch and learn. The science teacher who was the instructor showed how ancient civilization interpreted the event in the past. This was a very informative seminar but was super cool in the planetarium. They even passed out the special eye protectors for the eclipse.

Another seminar was First Aid on the Water an important class. This one was completely full and totally informative. It did make me think about all the possibilities of injury on a boat and how long it may take you to get back to shore. I know that I will be checking my first aid kit out and adding a few things. You can never be too prepared when it comes to safety.

Friday night they had a reception at the Sandusky Maritime Museum. The director of the museum gave a presentation on women during WW2. She was very informative about how women entered into the different branches of our military. Mostly, these women were nurses and how they became a critical part of the war effort. Also, she spoke about how once in the military they began to advance themselves into positions other than nursing. If you are up in the Sandusky area you should check out the Maritime Museum.

Next thing I would like to bring you up to speed with is our new committee, the Fun Committee. This is an idea we are trying to float to see if we can get some new members into the club. Thanks to Janet and Bob Hern for helping to get the ball rolling. The idea is to do events as a club other than our monthly dinner meetings and boating classes. We are thinking of ideas that will draw people or even other members to Fun Events. Like an old time, field trip. Suggestions included going to or having events like comedy night, night at the races or maybe a Clippers game where we could meet and go in as a group. How about a Euchre night at headquarters, AKA Club House. If you have any ideas or suggestions, please give me a call or email me. We will be having one of the first events at Alum Creek Lake around Labor Day.

David Keller is putting together Music on the Water. With a live band and tons of Fun. More information will be out in future *Galley Gossips*. Thanks, David for your hard work and persistence in getting this idea off the ground.

Thank you all for being members of our club and if you know anyone who may be interested in joining let us know. The more the merrier they say.

Safe boating and I will see you soon on the water.

## ADMINISTRATIVE OFFICER

Lt/C Ruthie Kubinski, P

Looking forward to seeing everyone at Big Walnut Grill!! We'll be having a 50/50 drawing. Brandon Lawson from Otto Insurance Group

(PH: 614-832-3125) will be joining us to share some information on boat insurance with us.

## April 13<sup>th</sup> ABC Class

was full both in Ohio and Tennessee. There were also four boaters that came in on the morning of the class- 24 boaters in headquarters!

Members and nonmembers learned new skills and added much to their boating knowledge. We have three young members as well as adults taking the class. The families in class shared the fun and will enjoy the water together this summer boating season. The six instructors received compliments for the presentations and learning activities.

This one-day class requires support from many members to teach, prepare the facility, provide food, administer the tests, and record scores with the State of Ohio, America's Boating Club, and the State of Tennessee. If you know of someone that participated, please let them know you appreciate

their work in building a larger safe boating community.

We currently have an Instructor Development Class at headquarters on Wednesday evenings.

Upcoming Educational Events include:

**Weather for Boaters – May 6<sup>th</sup>** in person at the club house. You can use your phone to check radar images, and this seminar will let you go further and use the information to make better use of the images.

**AIS for Boaters** is a free online Zoom seminar on May 13. Find out why boaters are choosing this technology. Decide if you might wish to use AIS for your present or future boating needs. Register on the website:

[www.columbussailandpower.org](http://www.columbussailandpower.org).

**Paddle Smart – June Seminar.** This seminar will help paddlers choose the craft and paddles they would like to use for their type of "human powered" on the water adventures. Please register on the web site.

## Spring Seminars

**Weather for Boaters – May 6<sup>th</sup> – In-person**

**AIS for Boaters – May 13<sup>th</sup> – Zoom**

## Vessel Safety Examiner Class

Hello to all,

As boating season begins, we invite those interested in becoming a Vessel Safety Examiner, as well as current Examiners to attend a class on Sunday April 28 at 5:30pm at our Headquarters, 8492 Cotter St., Lewis Center, OH 43035.

I will cover the overview of the Vessel Safety Check program for attendees: a review for current VE's, an intro for prospective VE's.

This program is a potential life-saver for boaters, and a fantastic way to introduce boaters to our Squadron during an Exam.

Please respond to me by April 22 at [jmepruitt@prodigy.net](mailto:jmepruitt@prodigy.net) if you plan to attend.

Thank you very much!

John Pruitt, Vessel Safety Check Chair  
614-216-5203

We are looking for great boating stories from you for upcoming issues of the *Galley Gossip*. Please write a few paragraphs about your trip, include some photos, and email it to [humblemh@yahoo.com](mailto:humblemh@yahoo.com)

All submissions will run in an issue of the *Galley Gossip* and also be sent to USPS for inclusion in *The Ensign* magazine.

**America's Boating Club of Central Ohio, Executive Meeting Minutes**

**Approval of last meeting minutes:**

Motion made for approval by Bob Rayburn & seconded by Tom Doyle – motion carried.

**Commander's Report: Cdr Brian Crabbe, AP**

I reserve the right to change the order of the meeting as deemed necessary.

July 13<sup>th</sup> – Buckeye Lake Poker Run – there will be extra boat seating available for ride-alongs. Barbara Hupman hosting, Cdr. Brian and AO Ruthie coordinating.

Delegates for Spring Conference – will be turned into treasurer on Thursday for payment.

Columbus is now hosting Fall Conference: October 12<sup>th</sup> or 19<sup>th</sup> – which is bye week for Bucks – Need to get our volunteering and planning rolling!

**Executive Officer's Report:**

**Lt/C Glen Kubinski, AP**

Dates proposed – working on dates with district:

Dec 7 - Christmas party Target

Feb 15, 2025 – COW Target

COW was a great event!

**Education Officer's Report:**

**R/C Bob Rayburn, SN-IN**

Low class turnout observations/suggestions:

There has been some anecdotal evidence that class length is a major issue:

Multiple classes cause concerns for people taking ABC classes to invest the time over multiple days. The 1-day class is harder for instructors but seems to be the preferred by students.

Creative ideas need to be undertaken – breaking classes up into seminars – as Boat Handling is. Perhaps offering some portions online and others in the classroom?

Perhaps offer more entirely online and gather for review/testing.

Current Spring class schedule:

Engine Maintenance is wrapping up.

Boat Handling Seminars or Full Course. (Wednesdays – could adjust days) \$95 / \$65 April 17th. Rules of the Road \$25 (Each Seminar)

April 24<sup>th</sup> - Confidence in Docking and Undocking

May 1<sup>st</sup> - Boating with Confidence

May 8<sup>th</sup> - Anchoring with Assurance  
May 15<sup>th</sup> - Emergencies on Board  
May 22<sup>nd</sup> - Knots and Line Handling Seminars  
Trailing – March 18th (F-2-F Meeting) \$ 25  
Paddle Smart – April 16th (F-2-F meeting) \$ 25  
AIS for Boaters- May 13th - Zoom. Free – (Advertising)  
Weather for Boaters – May 6th (F-2-F Meeting) \$25

**Assistant EO: P/C John Seaver, SN**

Marine Electrical Systems – hands-on setup – past student, Jim Gray has voiced that this class needs to have a strong 'hands-on' element. Bob Goelz, Bob Rayburn & John Seaver met with Jim to discuss goal.

**Administrative Officer's Report:**

**Lt/C Ruthie Kubinski, P**

March – Mimi's

April – El Vaquero

May/June – working with Ruth Wilcox on agenda and locations

**Secretary's Report: P/C John Seaver, SN**

**Vessel Safety Checks:** Lt John Pruitt, AP

See Notes under Past Commander

**Sea Gals: Lt Martha Beidel, P/R/C Harold Beidel, SN:** No report

## New Business:

**Motion Made:** Establishment of a \$5000 Petty Cash Fund to deal with ad-hoc needs.

Discussion – we run budget tight, we need to afford the ability to expend petty cash for ad-hoc expenditures. This fund would be refreshed monthly, with the expense report completion of staff who spent from this account.

**Discussion:** Need to formalize governance for handing expenditures, deposits and however timely expense reports are absolutely necessary.

**Motion Passed.**

**Dockage at Alum Creek** – A group is developing a plan for 100 more docks at Alum Creek. They reached out to John Seaver who coordinated a meeting with the Army Corp. rep who attempted to push this through 5 years ago. The 5-year moratorium has expired, and this is a good time. I have the first proposal of this plan in my inbox, I have not reviewed. More people are welcome to attend. The next meeting will include ODNR.

**Building at Alum Creek** – Bob Rayburn, Bob Goelz, John Seaver met with representatives from Coast Guard Auxiliary (3 divisions), Arch City Rowing, Army Corps (retired) and Alum Creek Sailing. Team will meet again on March 6<sup>th</sup> at HQ – staff welcome to attend.

**Coast Guard Auxiliary** – has a boat that needs maintenance, John Seaver discussed with Eli Murphy as a potential training session for Engine Maintenance Class, need to have further discussion.

## Action Items:

Public record request for Central Ohio boat registration – potentially mail-spamming them. Tracy Garrett volunteered to coordinate. David Keller, Glen & Ruthie will participate. Glen will call ODNR for a record request.

Vessel Safety Check Training Class – as mentioned above. Bob Goelz will coordinate preliminary proposal and share for Mary to share wider. Coordinating training with Bob Rayburn.

## Sick Bay:

Debbie Murphy – another knee surgery performed today, Feb 27<sup>th</sup>

**Next Meeting:** March 26<sup>th</sup>, 2023

**Adjourn 9:00 pm**

THESE MINUTES WERE APPROVED BY THE EXECUTIVE COMMITTEE ON MARCH 26, 2023.

# ABC Consulting Group Makes Plans

**America's Boating Club of Central Ohio needs more members!** But how do you recruit and retain members in clubs in the 21<sup>st</sup> Century? A group from our local organization met on March 24<sup>th</sup> to brainstorm ideas that could do just that--increase our club's membership.

First, we gave ourselves a name. We call ourselves the ABC Consulting Group. Next, we adopted a Mission Statement. The mission of the ABC Consulting Group is to increase the membership of America's Boating Club of Central Ohio by adding new boating enthusiasts and retaining existing members by offering a variety of fun activities, entertainment, and engagement.

Starting with a list of potential events for 12 months of "dinners with a theme", attendance at local community events, group participation events, a summer concert, and enhancements to our vessel safety checks, the ABC Consulting Group quickly adopted enough plans with immediate action items to keep us busy for the entire summer and beyond.

Stay tuned for more information and upcoming updates. Pass out America's Boating Club of Central Ohio Business Cards, participate whenever possible, and engage with others who own boats and/or share your love for the water.

**Back row from left:**  
**Michael Hughes, Tracy Garrett, Janet Hern, Ruthie Kubinski, Glen Kubinski**  
**Front row from left: Maggie, David Keller, Sue Goelz, Bob Goelz**

## SAVE THIS DATE!

**Saturday, July 13<sup>th</sup>**, between 11 a.m. and 4 p.m., boaters will cruise Buckeye Lake visiting various lake establishments and collecting playing cards to make their very best poker hand. Later, at a barbecue and picnic, show your hand for a chance to win the poker pot. The Poker Run begins with registration at 11 a.m. at the home of ABC member, Barbara Hupman next to the Lieb's Island boat ramp and ends at Barbara's with a barbecue and picnic at 4 p.m. Meat, buns, condiments, and tableware will be provided by the Club. Attendees may contribute a side dish or dessert. This event will be limited to 40. Registration fee \$15. No boat? No problem. Join someone else who does have a boat. Registration information and Poker Run Rules will be published in the June edition of *Galley Gossip*.
