Solstice Marketing to Host Marketing Leadership Retreat **Saturday, March 22nd 9 am-2 pm at the ABC Clubhouse**

Jessica Garrett of Solstice Marketing will facilitate a marketing leadership retreat on Saturday, March 22nd. All ABC members are invited and encouraged to attend. During the retreat we expect to learn what our club will require in terms of marketing, social media marketing, events, and publications to encourage new memberships and increase club involvement from both current and future members. Please plan to attend. Lunch will be provided.

COMMANDER'S MESSAGE

Cdr Glen Kubinski, AP

I would like to thank everyone who came to the Change of Watch this year. It was a good turnout with around 60 members and guests. We celebrated the Bridge for 2025 and look forward to working together as a team to build and support our club. Thank you everyone for the volunteerism and hard work for the America's Boating Club of Central Ohio.

EXECUTIVE OFFICER

Lt/C Jason Mack

Ahoy! With all the fantastic education opportunities, Vessel Safety Checks, and rendezvous planned, what an amazing 2025 season we have in store.

Our education roster is in full swing, from the ABC classes to navigation classes scheduled. Be sure to enroll right away to take advantage.

The Vessel Safety checks are coming up in May. If you would like to learn how to become an examiner or even possibly helping out during the checks please reach out to either myself or John Pruitt. John will be hosting a welcome class/refreshers course sometime in April at the clubhouse.

The rendezvous scheduled throughout the late spring and summer are plentiful and are sure to be a great time by all. I am looking forward to the upcoming Tackle Box trip followed by the next trip to Torch Lake in MI.

NEW MEMBERS

Welcome aboard **Joseph and Deborah Rhodes** from Grove City, Ohio! Looking forward to getting to know you.

Meet Up at Buckeye Lake Museum April 19th

The Buckeye Lake Museum just announced that the museum has been permanently closed. Due to a lack of funding and diminishing volunteerism, the Buckeye Lake Historical Society voted to close the museum effective February 28th. The ABC AO committee will attempt to schedule another event in the very near future. Stay tuned!

With early spring boating coming soon, this is a great opportunity to make sure your boat is in great shape – be sure to check all your fluid levels in the engine and make sure all your life jackets are in tip top shape and everything in between. Don't forget about your trailer, make sure your bearings are packed, tires are inflated to the right pressure, and that your trailer lights are all functional. I recommend that you change your tires (including your spare) every 3 years even if the tread looks good to ensure a safe boating season.

I look forward to seeing all of you soon on the water -- Anchors Away!

The **Marine Navigation** course begins on **March 24th**. Matt Murphy will be your instructor, and Ralph Newman will be assisting in guiding your introduction to building the navigation skills that will help you travel many miles on the water to new destinations and experiences. Both these members have many hours enjoying boating and have used the skills you will be learning. The course is an opportunity to build a great foundation for future boating experiences.

Tools used for navigation, covered in this course, include the following:

- Navigation system - Paper charts - Electronic charts - GPS receiver
- Plotting and measuring tools
- Steering compass
- Hand Bearing compass
- Training

I hope you have or will choose to take this course with these two excellent instructors.

A reminder there is an **April 26th ABC Basic Boating Class**. If you know someone that would benefit from the basic boating knowledge, please encourage them to attend. Beyond the information, they will build skills to help them become more comfortable boating on the water. A **Boat Handling**

Class is scheduled for Wednesday **May 7th** especially for people that have taken the basic boating course. Remember that it is not only for new or future boaters that have attended the basic boating course. If you know a person that would benefit from the course, encourage them to register.

Looking forward to spring and boating.

New York Rendezvous

Saturday, August 9 - Sunday, August 17

We will be leaving Columbus on Saturday, August 9, enroute to Alexandria Bay, N.Y. Alexandria Bay is on the American/Canadian border on the Saint Lawrence River. We will boat in the area for three or four days amongst the castles and scenic views of and around the area. This will be approximately an 8½ hour tow, depending on the number of stops. We will then load the boats on trailers and tow to the Finger Lakes where we will boat for three or four days on Seneca Lake, Cayuga Lake and possibly the Erie Canal and Canandaigua Lake before towing home. The tow from Canandaigua Lake State Marine Park to Columbus is about 5 ½ hours.

Anyone who feels they are interested in this rendezvous, call Phil Osborne at, 614-327-4063, to

get on the list. As arrangements are made, we will keep everyone that signs up, in the loop as we get reservations at various locations along the way.

Our group has until July to cancel reservations if for some reason you cannot make the trip. If you plan to join us on the trip, check your GPS to see that you have the charts. If not, you may want to purchase a chip for your GPS for that area.
