COMMANDER'S MESSAGE

Cdr Richard Sorensen, SN

One of my biggest pleasures is to report the condition of our 'Band of Boaters' to you. And you Sailors have been busy!

Active participation:

32 per cent of our members earned a merit mark this year! There isn't a volunteer organization in America that wouldn't 'give their right arm' for that accomplishment.

Increasing membership:

Last year we had 147 dues paying members. This year 159.

Old 'housekeeping issues' addressed:

- Our Bylaws and Operating Rules have been updated and approved by National. In keeping with the technological warp-speed environment in which we all live we needed to add the ability to do the Squadron's business electronically. We got it.

- We had an audit of our books and accounts and received a passing grade.

Marketing & Trade Show:

Yes, we need to totally embrace social media more. Sometimes I put myself in the place of a carbon

paper salesman when the photocopying machine was introduced. Time to change horses. The old ways are just that. The old ways. We've got to get better. A bright star is upcoming. The Fishing Expo! Its 15,000 visitors give us quite an opportunity to hit a homerun in telling our story. We'll need your help.

Future leadership:

We've got a 'franchise winning' Bridge team coming on. Sherri Haring, our new Commander, is truly an Energizer Bunny. Bob Goelz is a star as Executive Officer. Level-headed with a clear vision, he is going to help Sherri chart a future that will be bright. Tiffany Francis is serving as our Administrative Officer. With these three leading the Bridge 2020/21 is going to Rock.

Your 'Club' is soaring! Let's all have a Happy New Year and I'll see each of you on the water!

EXECUTIVE OFFICER

Lt/C Sherri Haring, S

What a great year for our boating club! We did a great job volunteering with 4,470 hours completed and many people getting merit marks. I know that number is probably higher since, for my first couple of years in the club, I was not reporting my hours of service. I volunteered for my own satisfaction. Thanks to Bob Van der Wissel, I realized that volunteering was so much more than my satisfaction. I now know that the satisfaction is for me as well as recognition for the club.

The time is again upon us when we have the opportunity to serve our community of boaters. Some of the many ways to serve include

volunteering for the upcoming fishing expo, becoming an instructor to teach boating classes such as ABC3, advanced boat handling, and many more exciting opportunities in the coming year. Each of these activities need all of you to help make them a success. I know that our club does make a difference! We may not immediately see how we impact the boaters who have come thru our doors for education, but we all know how what we've learned has impacted us. Our group helps many avoid injury and death while having fun.

So, let's report our merit marks in 2020 and beat the 2019 total of hours of great works. I also want us to continue to educate the community while saving lives. Who knows, by showing what we do, we may recruit some new members and get our members who may be thinking of dropping out of our club to come out and help our boating family. Let's have a great 2020!

FISHING EXPO

The Fishing Expo is coming up February 7th to 9th. Assistance is needed!! Watch your e-mail for a Sign-up Genius that will provide you with the opportunity to sign up to help. 2020 Merit Mark hours, anyone?!

Welcome back to the next edition of the AO report. First, I want to wish everyone a Very Happy New Year. I do hope everyone got through the Holiday Season OK and your wallet still has a couple of dollars left in it for the upcoming boating season. Or better yet you bought yourself boating presents and you looked surprised when you opened these gifts from Santa. My husband and I got ourselves an iPad Air to navigate this summer. There is a captain at Alum Creek with a 2018 29' Regal who trailers it all over the place using his iPad Pro when he is on the boat. He is new to boating but has already navigated the North Channel, Chesapeake Bay and the Hudson River in New York. Just his boat, a couple of family members, and himself. My hat is off to this guy; and I went ahead and had Santa buy me one so I can boat like him. I also got my husband to buy us a 2017 GMC 2500 HD truck for trailering. Our old truck was a 2004 Silverado with 100K on it and we felt a newer truck was a must for 2020 travels. I hope I will see you on the waterways! We have a lot of great rendezvous already mapped out. Please keep an eye out for updates in the Galley Gossip.

In February, we will have the America's Boating Club of Central Ohio Change of Watch. This is where the new Commander Sherri Haring will take charge of the Bridge and begin directing the

club to meet the needs of the membership. I want to thank Commander Dick Sorensen for his dedication and hard work for the club. I am glad he made it through his whole term without getting impeached! Dick has an interesting way of communicating. But as that guy in Washington does,

Dick pushed in a direction of change for the good of the club. At times facing strong pushback from other members, Dick continued to work for positive change. Maybe, we can get him in on some of those China trade negotiations. Thank you again, Commander Dick!

Please come out to the February meeting and Change of Watch at Mimi's on Polaris Parkway next to Star Lanes and show support for our new Bridge officers. The meeting will be on the 7th of February, social hour will begin at 6 pm and dinner at 7 pm. If you have not been to Mimi's, it's a very nice place with great atmosphere and food. My husband and I eat there often.

Well that is about all I have to say this time. I look forward to warmer days and smooth waterways. Enjoy and have a great New Year!

We have had a successful few years because of you. Sears is Going Out of Business. I Don't Care.

By Dick Sorensen, SN

The paper announced that Sears stores aren't going to survive much past January. I don't care. I can get anything they sell on line. I felt about the same way when wall pay phones headed for the trash bins. I don't care because I've got an iPhone in my pocket. The same is true of red lead paint. While I really liked red lead paint, not having it isn't going to cause me to lose any sleep. But I am going to miss the Lima Power Squadron.

Last night I attended the final meeting of the Lima Sail and Power Squadron. It was a nice affair. Members were gracious and smiling but slightly melancholy as is to be expected. But, unlike Sears, I will miss it. This Squadron provided a lot of western Ohioans with knowledge and friendship. At our table last night was a ninety-nine-year-old member. He stopped counting merit marks when they completely encircled his sleeve. He taught classes for years. He piloted students through the mysteries of parallel rules and dividers. Then to Loran. Then to GPS.

In this digital age boat drivers have everything they need at the end of their thumbs. Direction home. Check. Depth of water. Check. Distance to their secret fishing spot. Check. The satellites have contributed to Lima's demise. They've contributed to the dumbing down of boaters. What was first embraced to make us all smarter has done the exact opposite. It has contributed to making the boating public stupid.

Who will inspire these great unwashed Captain Hornblowers to venture forth and discover the North Channel? Who will patiently teach the correct way to tie a bowline? Will Lake St. Mary's be better off when absolutely no one understands the Rules of the Road? Or shares the wonder of the morning cry of a loon on the Trent-Severn? Or how to take a wave on the diagonal instead of dead on? Who will be their teacher? Professor Navionics? How about Mrs. Garmin?

Lima, Findlay and other Squadrons had stuff I can't get anyplace else. Piloting maneuvers. Advice on throw-away fenders for use on the Welland's scarred concrete walls. Dual hose clamps on all thru-hulls. How about the insider's tip about having the right amount of Canadian money to pay the lock tenders? They don't give change or convert dollars to loonies! But, most of all, the memories. Created with tons of good friends!

Lima, Findlay, Toledo, Fort Wayne, Sandusky, Port Clinton, Columbus Squadron's members all stand on the breakwaters of maritime knowledge beseeching the boating community to get more education. Take

a class. Leave 'stupid' on the dock. Yet, these general boating putzes continue to merrily head out into the abyss of nautical disaster. While we, the knowledge passers, look helplessly at one another.

It's at times like this that I know how a Jehovah's Witness must feel standing outside of a rock concert.

I won't miss Sears but I sure am going to miss Lima.

Dick Sorensen has made a lot of friendships with the members of the Lima and Findlay Squadrons. He is going to work really hard at keeping them.

Pen Turning Activity

Attendees of the D29 Conference in November worked on a very worthwhile project with the Central Ohio Woodworkers at the ABC Clubhouse on Sunday the 10th – **pen turning**. Nine people made beautiful pens for Central Ohio veterans who participate in the Ohio Honor Flight program. Over 800 pens are made and donated each year to the wonderful veterans who go to DC out of Columbus. If you'd like to participate in this patriotic endeavor, the Woodworkers are available from 10:00 a.m. to 3:00 p.m. the 2nd Saturday of each month at Wood Werks, 1181 Claycraft Road in Columbus. This is a free activity that can be enjoyed by the whole family. Mark your calendar and come celebrate a veteran!
